

Elands Veterinary Clinic

Love their kisses... but not their breath?

Elands Dental Promotion – back by popular demand for 2026!

SAVE up to £100 on all dental procedures booked in from 1st April – 30th June 2026.

Over 80% of cats and dogs over the age of 3 will have a degree of dental disease. Dental disease can progress quickly – and is often silent. Finding and treating oral issues early on can mean the difference between a simple clean, and a more involved procedure to extract teeth damaged by decay.

At Elands we believe in early intervention leads to a better outcome for our patients, less discomfort, and also saves our clients money. We also work with every patient individually following dental work to find the best way to keep your pets teeth clean once they go home. We believe good dental hygiene is a team effort.

Don't wait until it hurts – book today.

To book your dental please speak to our team on 01732 452333. This offer is available until 30th June 2026.
